Moving Forward

About eighteen years ago I had an ah-hah moment when I saw the word "church" literally means "called-out-ones." It became crystal clear to me that if we are going to move forward in being "church" we would have to help each person in the church hear and respond to their call from God, then organize around each person's sense of call.

This is what Martin Luther was talking about when he talked about the "priesthood of all believers." The problem is the "priesthood of believers" has largely been a slogan in the church and rarely has it actually been lived out as a gathered body of believers. Wendy and I set out to make the "priesthood of all believers" more than a slogan. It has been an adventure ever since then.

Eighteen years later we are moving ahead with as much conviction and zeal as we have ever had. It is a pleasure being in your midst striving to hear the call of God together. This we will continue to do with as much energy as ever.

Last month we had around 25 people attend a "call event" at our church. It was a profound success. Therefore we are already planning another event sometime this fall. As Wendy has a new job description at Hope, Matt Cleaver is going to pick up some of the things Wendy did to help us organize around God's call to our members. This will help us to keep moving forward in our vision to see the "priesthood of all believers" made concrete in our midst. Zach Poulter, our new youth intern, (introduce yourself if you haven't spoken with him yet... we can already tell he is another God-send in our midst) is going to do some of the things Matt was doing with the youth, as well as seek to discern more clearly the way God is calling him to be a youth director in the church.

This IS an exciting time to be at Hope. Catch the vision and MOVE FORWARD with as much gusto as ever. God is on the move. Put your hand in His; and hold on to your hat. You are in for quite a ride!

Electricity Out

Last month we had a storm that knocked out our electricity for almost four days. This included Sunday morning services, Sunday afternoon Taste of Hope, and the Sunday evening start of Vacation Bible School. It was not an optimum time to lose power. In addition to that we had a leak in Bob's and the pastors' office. In the midst of the inconvenience I am thankful for many things.

First I am thankful for Lynn Foster. He came right away with his professional-grade truck vacuum (as he has done a number of times) and vacuumed up the water in the offices. Thank you to Lynn and Pat!

Problems transpired. Because we didn't have electricity to run the fans that Lynn brought the carpet remained damp and then began to smell a little musty in the air-conditionless church. As news traveled about the problem the problem began to sound much worse than it actually was. (For instance, there never was any water in the sanctuary.)

As Sunday approached it was determined to move the service outside. The 9:00 AM time was chosen so it would not be too hot. Thank you to Matt, Cathy Peterson, Steve Hawkins and Margaret Bengtson for creating a very nice outdoor service that morning.

Taste of Hope music plans were dropped since we didn't have electricity. But the cookout went on and it was reportedly very nice. Thanks to all who set up, brought food, and particularly to John Navarro for building a new portable outdoor stage.

Vacation Bible School plans then went to a plan B setup. I was impressed with the positive can-do attitudes. (See the VBS article by Deb Burleson, but let me here say thank you to Deb Burleson and Janie Marjonen for all their planning and oversight of VBS.)

Finally, the utility people showed up and fixed one problem but missed a second. Thanks to Scott Clark and his nifty electricity test instrument he was able to identify the undetected problem with the transformer. Phone book utility numbers went un-answered. Then Scott noticed a number on the transformer itself, called it and (Yea!) reached a live person on a Sunday night! They dispatched a worker within ten minutes and the worker found lightning had effected our transformer. With this second problem addressed we were soon up and running again.

I give you this detail so that you can be thankful to God for all the servant-hearted people around you. Many people played different parts in working through the issues caused by the storm. It is a small example of how the body of Christ (the church) gets things done.

Pastor Joel

The prevention of Stroke, Heart Disease, and Osteoporosis starts with proactive decisions. It is estimated that 80% of the 700,000 strokes that occur every year could have been prevented if lifestyle modifications had been made, and the underlying plaque buildup that causes stroke was detected early. On Friday, July 31 at the Cedar Hill Recreation Center, HealthYes!TM Preventive Screening will provide painless ultrasound tests that can detect those at risk of stroke, heart disease, peripheral artery disease, abdominal aortic aneurysms and osteoporosis. Locally owned & operated, HealthYes!TM has partnered with Texas, Board-Certified Radiologists to provide participants accurate results in just 4 business days. Wellness screening packages start at only \$139.95. To receive the Total Health Screening Package (All Tests) for \$169.95 - a \$30 discount, just mention BD2TX073109 when you make your appointment.
