Our guest Speaker will be **Dr. Gary Schwantz**, Ph. D from Texas Tech University. Retired from education, now a full-time speaker ....who many say is not only, humorous, but inspiring as well.

..... I've been teaching my whole life, in one form or another. I have the privilege of knowing it was what I was born to do. Whether speaking or writing, I see my primary role as that of an encourager. My style is relaxed & humorous.

### **Savoring Life**

My favorite presentation! Some see life as an obligation, a GOT-TO, and some see life as a privilege, a GET-TO. I contend that we can choose the GET-TO view!
